A Child's World

Infancy Through Adolescence

This fully-revised eleventh edition continues to provide the extensive cross-cultural and multicultural coverage, the innovative pedagogical learning system, and the balance between research and real-life applications that have made A Child's World a favorite of students and professors alike. In the warmly-written and engaging style that has become their hallmark, Diane Papalia and Ruth Feldman continue to provide a chronological view of child development; the new edition expands the coverage of cultural and historical influences on development, highlights the latest research in cognitive neuroscience and evolutionary theory, and a new and improved Visual Assets Database for instructors.
