Illustrated Buyer's Guide to Used Airplanes

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. GET THE BEST DEAL ON THE BEST PLANE FOR YOU The best way for private pilots with limited means to obtain the plane of their dreams is to purchase a used one -- and there's no better way to buy one without getting burned than this heavily illustrated guide. Focusing on airplanes priced at \$100,000 or less, the author walks readers through the entire process of purchasing a used plane: prospecting the market, determining a plane's true value, closing the deal, partnership, and much more.

GET THE BEST DEAL ON THE BEST PLANE FOR YOUWith a focus on planes under \$100,000 -- some as low as \$20,000 -- pilot Bill Clarke's classic guide -- now fully revised and updated -- is a bigger bargain than ever. A book that can save you thousands of dollars, The Illustrated Buyer's Guide to Used Airplanes provides a photo-filled model-bymodel look at the top used aircraft in today's market, as well as many hard-to-find models -- complete with prices, accident ratings, performance specifications, and airworthiness directives. The most comprehensive, authoritative, and popular book on buying used planes available, this guide helps you with every step, from prospecting the market and sizing up planes to doing the deal and post-purchase priorities. The much-respected Illustrated Buyer's Guide to Used Airplanes is the source that thousands of pilots turn to when the time comes to buy a plane. It's the only guide to airplane purchasing you'll ever need.STEP BY STEP TO PLANE OWNERSHIP - Current prices and profiles, with photos, of more than 100 of the market's top used personal aircraft - Evaluation and inspection of used airplanes - Tested pricing formula for near-exact calculation of a plane's value -Step-by-step negotiation to the best possible price - Newly ranked models, updated airworthiness directives, and new regulations - New chapter on light-sport aircraft -Partnership options - Personal needs assessment for pilots - Deciphering classified ads
