

Bowen

Other Dickens

Pickwick to Chuzzlewit

In the first half of his career, Dickens wrote some of the most important novels of the nineteenth century, including *The Pickwick Papers*, *Oliver Twist*, and *Martin Chuzzlewit*. They are exorbitant and transgressive books, with an inventive comic force unprecedented in the English novel. In this, the first full-length study for thirty years, John Bowen blends contemporary theory and historical awareness to argue that they are radical in both political and fictional terms. With a tactful use of contemporary critical theory, he shows how their often uncanny power disturbs and transforms our ways of understanding Dickens's work and his place in the history of the novel.
