Nurses! Test Yourself in Pharmacology

Nurses! Test Yourself in Pharmacology is the essential self-test resource for student nurses studying pharmacology and preparing for exams. This book covers key pharmacology topics such as drug interactions and safe drug administration. There are over 300 questions in total, each with fully explained answers and 45 glossary terms. Each chapter includes drug summary diagrams as well as: - Multiple choice questions - True or false questions - Labelling exercises - Fill in the blank questions - Match the terms questions Organised by different body systems, the book includes chapters on: - Integumentary system - Musculoskeletal system - Nervous system - Endocrine system - Cardiovascular system - Respiratory system - Digestive system - Urinary system Written by a lecturer at one of the UK's top nursing schools, this test book is designed to help you improve your results and tackle your exams with confidence!"This is an excellent book. I am happy to recommend this book to undergraduate nursing students, all students undertaking the Non-medical Independent and Supplementary prescribing programme as well as to prescribing practitioners." Barbara V. Novak, Senior Lecturer and Education Lead for NM Independent and Supplementary Prescribing, City University, UK
