## Migrants No More

Settlement and Survival in Mambwe Villages, Zambia

---

Originally published in 1988, this book documents genealogical developments which, together with changes in agricultural production, religious ethic, politics, gender relations, patterns of solidarity and trade were local adjustments to the economic crisis of the 1970s and 80s in Zambia. The book explores the dynamics of a peripheral 'traditional' economy, examining the extent to which village structures and value systems have changed.
