The City

Routledge Library Editions: The City reprints some of the most important works in urban studies published in the last century. It is broken down into thematic minisets which cover: - urban planning - urban geography - sociology of cities - urban economics - the politics of cities - cities in the developing world - inequality in Cities - the historical development of the city. The result is a set of key texts in the field, written by prestigious authors from backgrounds as diverse as economics, politics, sociology, geography and history who, together, comprehensively illuminate all aspects of city life.
