International Commercial and Marine Arbitration

International Commercial and Marine Arbitration analyses and compares commercial-maritime arbitration in a number of different legal systems including the US, the UK, Greece and Belgium. The book examines the role of the courts in arbitration in each of these countries, making reference to the latest case law, and also makes extensive reference to French, German, Italian, Austrian, Swiss and Netherlands law. Tracing the historical emergence of the modern system of commercial arbitration Georgios Zekos then goes on to present ways in which the current process of arbitration can be developed in order to make them more effective.
