## Maid in the U.S.A

---

Studies of household labor have largely neglected the employment of domestic workers nor have they sufficiently addressed the issue of unpaid housework. Focusing on both paid and unpaid domestic work, *Maid in the USA* expands the theoretical understanding of reproductive labor to explain the dynamics of race, class and gender in housework. Through interviews with 25 Chicana private household workers, Mary Romero provides a unique exploration of their working conditions, and the social constraints which shape their personal lives.
