

Evidence-Based Treatment Planning for Posttraumatic Stress Disorder Facilitator's Guide

Authoritatively addressing the growing pressure to ensure that patients receive care that is proven effective and, subsequently, to train mental health practitioners in the latest in Evidence-Based Practice (EBP), Evidence-Based Treatment Planning for Posttraumatic Stress Disorder DVD Facilitator's Guide leads mental health professionals through modules covering the most common DSM-IV-TR disorders and other presenting problems. Guidance is provided in leading an educational training session in empirically informed treatment planning that will maximize the likelihood of client improvement. Ideal for training mental health professionals at any level.

Train students or staff in evidence-based psychotherapy treatment planning-and improve the quality of mental health care This Facilitator's Guide to the Evidence-Based Treatment Planning for Posttraumatic Stress Disorder DVD is designed to help teachers or trainers conduct lectures or training sessions on the content of the DVD. The Guide follows each section of the DVD, providing succinct summaries of key section content, section review test questions and answers, and test questions and answers covering key concepts. The DVD, Companion Workbook, and Facilitator's Guide are designed so that instructors can cover only the content of the DVD or springboard into further coverage of any of the concepts. Designed to be used in conjunction with the DVD and its Companion Workbook, this Guide includes: * Summary highlights of content shown in the DVD * Chapter review questions and answers summarizing key concepts * Test questions and answers on selected chapter concepts * Optional topics for further discussion, with talking points * Scripts and critiques of the role-played scenarios demonstrating selected aspects of the ESTs * References to empirical support, clinical resources, and training opportunities for the treatments discussed * Online links to client homework exercises consistent with the therapeutic techniques described and demonstrated * Explanations of correct and incorrect answers to the test questions from each chapter
