Robert Smithson

The Collected Writings

Since the 1979 publication of *The Writings of Robert Smithson*, Robert Smithson's significance as a spokesman for a generation of artists has been widely acknowledged and the importance of his thinking to contemporary artists and art critics continues to grow. In addition to a new introduction by Jack Flam, *The Collected Writings* includes previously unpublished essays by Smithson and gathers hard-to-find articles, interviews, and photographs. Together these provide a full picture of his wide-ranging views on art and culture.
