

ICSID Reports Volume 11

The ICSID Reports provide the only comprehensive collection of the arbitral awards and decisions given under the auspices of the World Bank's International Centre for the Settlement of Investment Disputes or pursuant to other multilateral or bilateral investment treaties, including in particular the North American Free Trade Agreement (NAFTA). These decisions make an important contribution to the growing body of jurisprudence on international investment. The ICSID Reports are an invaluable tool for practitioners and scholars alike working in the field of international commercial arbitration or advising foreign investors. Volume 11 of the ICSID Reports includes the ICSID award and the English High Court judgment on the application for its enforcement in *AIG Capital v. Kazakhstan*, the full proceedings in *CDC Group Plc v. Republic of the Seychelles*, the first investor-State arbitral award under the ECT and the NAFTA award in *Waste Management (No. 2)*.
