NMS Pediatrics

This volume of the outstanding NMS series effectively cuts students' study time by focusing on the essential material in pediatrics. Logically organized, clearly written, and learner-friendly, the book is designed to help readers identify relationships and distinguish the most important facts, principles, and concepts. NMS Pediatrics, Fourth Edition is written by a leading physician, experienced in teaching and skilled in clarifying the most important points. Each chapter presents material in a narrative outline with a concise yet comprehensive review. Study questions appear at the end of each chapter; and comprehensive examinations at the end of the book provide simulations of Board exams.
