

The 5-Minute Infectious Diseases Consult

The 5-Minute Infectious Diseases Consult features the same two-page outline format that has distinguished other titles in the 5-Minute Consult series. Specialists in infectious disease, family practitioners, and residents will appreciate this first-line resource filled with clinical pearls on diagnosing and treating common and uncommon infectious diseases. Definitions, etiology, epidemiology, risk factors, clinical manifestations, laboratory/imaging/pathology, microbiology, differential diagnosis, management, prognosis, and follow-up are all presented in the fast-access format that has made the other 5-Minute titles so popular among busy clinicians.
