Towards a Poetics of Music and the Arts

Selected Thoughts and Aphorisms with Works with Music by Ana Maria Pacheco

Our specialist times, with everyone confined to their own discipline, have left little room for the age-old view that, however transmuted, the issues of art and life belong together, or that, for all their differences, the arts have shared concerns: yet realism demands just such an outlook. This book offers an informal attempt to re-open closed borders by the established writer on music, Christopher Wintle. Through a host of aphorisms and thoughts it first probes people, politics, learning and the Gods. It then sketches out a Poetics in terms of style and idea, artists, critics, theory, performers, ethics, opera, sculpture, cinema and sport, before ending with a pair of Urban Fables. The volume includes a collection of Works with Music by the well-known Brazilian artist Ana Maria Pacheco.
