Identity Trumps Socialism

The Class and Identity Debate after Neoliberalism

With essays by today's leading leftist social critics, Identity Trumps Socialism presents a rigorous and persuasive primer on the problems generated by postmodern and neoliberal challenges to the legacy of emancipatory universality. In addition to the ways in which capitalism has used racialized and gendered forms of oppression to divide the working class, today's activism must also understand how neoliberal capitalism uses identity politics to undermine socialism. Identity Trumps Socialism advances an emancipatory left universality that addresses the limits of diversity and makes the case for the centrality of class in the struggle against global capitalist hegemony.
