Politics of the Administrative Process

Efficient public administration requires a delicate balance between politics, accountability, and performance--bureaucracy must be powerful enough to be effective but also accountable to elected officials and citizens. Author Don Kettl understands that the push and pull of political forces in a democracy make the functions of bureaucracy both contentious and crucial. In *The Politics of the Administrative Process*, he gives students a realistic, relevant, and well-researched view of the field featuring engaging vignettes and rich examples from current events like the COVID-19 pandemic. The Ninth Edition has been thoroughly updated with an additional chapter, as well as new scholarship, data, and case studies, giving students multiple opportunities to apply ideas and analysis as they read.
