Infants and Children - International Student Edition

Prenatal Through Middle Childhood

Infants and Children: Prenatal Through Middle Childhood is relied on in classrooms worldwide for its clear, engaging writing style, exceptional multicultural and cross-cultural focus, first-rate coverage of developmental neuroscience, rich examples, and long-standing commitment to presenting the most up-to-date scholarship. Renowned professor, researcher, and author Laura Berk takes an integrated approach to presenting development in the physical, cognitive, emotional, and social domains, emphasizing the complex interchanges between heredity and environment, and offering research-based, practical applications that students can relate to their personal and professional lives. The 9th Edition's extensive revision strengthens the connections among developmental domains and brings forth the most recent scholarship, representing the changing field of child development. All print formats are available for pre-order now with publication set for late July. E-book formats will be available for purchase in mid-July with prices starting at \$72.00 for a 180-day rental.
