## Learning to Teach in a New Era

---

Entering the teaching profession in the twenty-first century comes with many challenges and even more opportunities to meet the learning needs of Australian students. Learning to Teach in a New Era provides a fundamental introduction to educational practice for early childhood, primary and secondary preservice teachers. Closely aligned with the Australian Curriculum and the Australian Professional Standards for Teachers, this text builds on foundational knowledge and provides guidance on professional development throughout your career in education. Organised in three sections – professional knowledge, professional practice and professional engagement – and thoroughly updated, this text introduces educational policy and the legal dimensions of education; encourages the development of practical skills in pedagogy, planning, assessment, digital technologies and classroom management; and supports effective communication and ethical practice. This edition features a new chapter exploring Aboriginal and Torres Strait Islander ways of knowing, being and doing, enabling teachers to create respectful and culturally responsive classrooms.
