

Apple Watch For Dummies

Your all-encompassing guide to the Apple Watch Are you an Apple Watch enthusiast and want to master all of its features to impress friends and intimidate enemies? Or perhaps you're a less-than-tech-savvy newcomer to the "wearable" craze and want to get the most out of it? In *Apple Watch For Dummies*, you'll discover how this incredible device does way more than simply tell time. Through hands-on, easy-to-follow instruction, you'll find out how to send and receive text messages and emails, use Siri, find movie times, access your favorite apps and get directions]. Plus, you'll get a handle on the all-new hardware, change the watch face to suit your mood and needs, use the innovative interface--including the exciting Digital Crown feature--to zoom and scroll, and move into fitness tracking with your Apple Watch--and be amazed as it helps you set and maintain reachable fitness goals. Apple Watch is a game changer. Is it a communication device? A timepiece? An exercise companion and tracker? Yes, it's all that and more! Written by veteran tech guru Marc Saltzman, this friendly guide helps you wrap your mind around Apple Watch, even as it wraps around your wrist. In no time, you'll be using it to stay in touch with friends and family, navigate your way around unfamiliar places, stay fit, and so much more! * Covers Apple Watch, Apple Watch Sport, and Apple Watch Edition * Offers step-by-step details on using Apple Watch to send and receive texts and emails * Walks you through using the Digital Crown feature, along with touchscreen and voice commands * Shows you how to use Apple Watch to track your fitness--and even share your heartbeat with another Apple Watch user If you're a new to the Apple Watch--or an old hand (or wrist, as it were) looking to push it to its limits--Apple Watch For Dummies helps you get the most out of this cool technology.
