

The Dissertation

A Guide for Architecture Students

The Dissertation is one of the most demanding yet potentially most stimulating components of an architectural course. This classic text provides a complete guide to what to do, how to do it, when to do it, and what the major pitfalls are. This is a comprehensive guide to all that an architecture student might need to know about undertaking the dissertation. The book provides a plain guide through the whole process of starting, writing, preparing and submitting a dissertation with minimum stress and frustration. The third edition has been revised throughout to bring the text completely up-to-date for a new generation of students. Crucially, five new and complete dissertations demonstrate and exemplify all the advice and issues raised in the main text. These dissertations are on subjects from the UK, USA, Europe and Asia and offer remarkable insights into how to get it just right.
