---

Mooting offers an excellent opportunity to develop your skills in an enjoyable, interactive and challenging way. Participation in mootings can lead to improved academic performance, enhancing your knowledge and your ability to handle complex legal materials as well as improving the power of your persuasive argument and vital skills, which will enhance your profile for prospective employers. In this book, Eric Baskind provides a seamless and comprehensive examination of the various areas involved in mootings and advocacy, combining both theoretical and practical aspects as well as the organisation of and participation in mootings competitions. Online video footage of an actual moot brings the practical nature of mootings alive and will give you expert advice and analysis of successful mootings technique as well as tips for improvement. Each moot video is highlighted at various points of interest to provide expert commentary and analysis of the mooters' presentation, identifying the mooters' strengths and weaknesses and how successfully they use cases and other materials to support their argument. These sections will then be re-enacted, incorporating the suggestions for improvements to help you to see how the overall performance could have been improved. This definitive guide will equip you with a complete grasp of mootings from the initial preparatory stages through to advocacy in the moot itself.
