Transport Deregulation

An International Movement

This book brings together an international collection of original papers looking at the impacts of the recent liberalization measures in the transport sector. It contains a number of area studies which focus on the deregulation of countries such as Switzerland and Australia as well as the broader European perspective. Additionally there are a number of modal studies which pay attention to the deregulation which has taken place regarding road, rail and air transport in selected countries. The papers are written by international authorities in their respective fields.
