

## Case-Based Clinical Cardiology

---

This book comprehensively covers a range of pathological cases in clinical cardiology. Chapters are case focused and detail how a patient is diagnosed and treated in a step-by-step format. A range of engaging video clips enhances the reader's appreciation and understanding of how to apply these techniques into their day-to-day clinical practice with special focus on congenital heart disease diagnosis and management. Case-Based Clinical Cardiology presents a range of clinical scenarios across all cardiology disciplines with a particular focus on echocardiography, electrocardiography and cardiac catheterization. Therefore, it is an ideal resource for both the novice and experienced cardiology practitioner seeking an up-to-date selection of cases to test their knowledge.
