Race Policy and Multiracial Americans

Race Policy and Multiracial Americans is the first book to look at the impact of multiracial people on race policies. It covers such questions as: Which policies aimed at combating racial discrimination should cover multiracial Americans? Should all (or some) multiracial Americans benefit from affirmative action programmes? How can we better understand the education and health needs of multiracial Americans? This much-needed book is essential reading for sociology, political science and public policy students, policy makers, and anyone interested in race relations and social justice.
