

Transitional Safeguarding

This book powerfully sets out the case for Transitional Safeguarding, a new approach to protection and safeguarding designed to address the needs and behaviours of young people in their mid-teens to mid-twenties who are falling between gaps in current systems, with often devastating results. Addressing these gaps, it outlines how the specific needs of young people can be met through this approach. Written by leading experts in this area with strong practice networks, it presents up-to-date evidence for its effectiveness, and also uses examples from practice to illustrate the ways in which services are beginning to address these issues.
