Research Ethics for Human Geography

A Handbook for Students

Research Ethics for Human Geography is a lively and engaging introduction to key ethical issues in geographical research by leading figures in the discipline. It addresses the wide range of ethical issues involved in collecting, analysing and writing up research across the social sciences, and explores and explains the more specific ethical issues associated with different forms of geographical inquiry. Each chapter comprises detailed summaries and definitions, real-life case studies, student check-lists and annotated recommendations for reading, making the book a valuable toolkit for students undertaking all forms of geographical research, from local and overseas fieldwork, through to dissertation research, methods-training, and further research.
