

Charmaz

## Constructing Grounded Theory

---

This is the definitive guide to doing constructivist grounded theory. From gathering rich data and conducting interviews, to undertaking coding and writing up your study, this down-to-earth book guides you through all the steps you need to do grounded theory research. This revised third edition: - Showcases 9 new case studies of grounded theory research in action from scholars across the globe, including Australia, Canada, Japan and the United States. - Enables you to see, at a glance, how each chapter will develop your understanding with new learning objectives. - Supports you to expand your knowledge with new further reading suggestions in every chapter. Retaining Kathy Charmaz's characteristic warm and accessible style, this book is essential reading for anyone - undergraduate, postgraduate or researcher - looking to understand and do grounded theory research.
