

Creative Methods for Human Geographers

Introducing a broad range of innovative and creative qualitative methods, this accessible book shows you how to use them in research project while providing straightforward advice on how to approach every step of the process, from planning and organisation to writing up and disseminating research. It offers: - Demonstration of creative methods using both primary or secondary data. - Practical guidance on overcoming common hurdles, such as getting ethical clearance and conducting a risk assessment. - Encouragement to reflect critically on the processes involved in research. The authors provide a complete toolkit for conducting research in geography, while ensuring the most cutting-edge methods are unintimidating to the reader.
