

Objections at Trial

Objections at Trial is a complete reference guide that travels easily to the courtroom or classroom. This invaluable handbook bridges the gap between knowing the rules of evidence and applying them in a judicial setting—and clearly identifies what proposed evidence is subject to exclusion by objection. The Tenth Edition includes all changes in the Federal Rules of Evidence through December 1, 2020. Also available as an eBook, Objections at Trial provides the reader—judge, lawyer, or law student—with a primer on the fine art of making effective objections to inadmissible evidence.
