## How to Rule Your Own Country

The weird and wonderful world of micronations

---

Many people think they can do a better job running a country than politicians – but few actually give it a go. What happens when political disagreement pushes to the point of no return? When a person has a dream of what their ideal country would be, and then tries to create it? A place where there is no monarchy, or no taxes, or no government regulation ... There are around 130 of these countries – better known as micronations – across the globe. One third of them are in Australia. Harry Hobbs and George Williams take us into some of the most prominent and fascinating micronations around the world, including the Principality of Hutt River, the Principality of Sealand, the Republic of Minerva, the Principality of New Utopia and more. How to Rule Your Own Country is a lively account of the people who decide that 'enough is enough' and create their own nation.
