Social Injustice and Inequality in the Developed World

The developed world moves at a very rapid pace. The perception is that it is a perfect place to live and guarantees equal rights and freedom to the people. However, the reality is far from it. There are various instances and examples of social injustice and inequality in a developed world and this book Social Injustice and Inequality in the Developed World covers all those instances, emphasizing on the need to curb them and act upon these limitations to let the humanity progress to new and unbiased levels.
