## Money

Ethnographic Encounters

---

In Money: Ethnographic Encounters, anthropologists tell stories of their experiences with money in the field. Through vivid fieldwork accounts, they explore the ways money has influenced their perceptions and understandings of culture. These accounts raise critical questions. How do anthropologists come to know another culture through ordinary yet unexpected experiences with money? How is anthropological knowledge produced through these interactions? Money: Ethnographic Encounters offers students, teachers and researchers the opportunity to consider the work of anthropology through vigorous narrative. It also includes a Guide to Further Reading for students. With stories of fieldwork in such varied sites as Vietnam, Ghana, China, and Malawi, Money: Ethnographic Encounters is ideal for all students of anthropology.
