Hot Topics

Get Through: MRCGP Hot Topics presents current clinical information and guidelines (e.g. NICE, SIGN, BTS, Royal Colleges, etc.) for the management of chronic diseases, including the guidelines for COPD (BTS/NICE) and hypertension (BHS). Also included is an A-Z of all topics that have been covered in recent examination modules, with the additional coverage of topics such as DVLA guidelines for fitness to drive, welfare benefits, child development and statistics. All topics are presented in easy to read outline format for ease of memorization. Sources for the material covered include the weekly British Medical Journal, weekly Doctor magazines, The Oxford Handbook Series, the BNF and websites of all current government and college guidelines. This book is therefore a culmination of several months spent reading and summarizing Hot Topics for you, the reader.
