## Peace and War

Historical, Philosophical, and Anthropological Perspectives

Peace and War: Historical, Philosophical, and Anthropological Perspectives is an accessible, higher-level critical discussion of philosophical commentaries on the nature of peace and war. It introduces and analyses various philosophies of peace and war, and their continuing theoretical and practical relevance for peace studies and conflict resolution. Using a combination of both historical and contemporary philosophical perspectives, the book is at once eclectic in its approach and broad in its inquiry of these enduring phenomena of human existence.
