## Management Philosophy

A Radical-Normative Perspective

---

This book opens a new field within business science: management philosophy. It presents an uncompromising picture of the real leader through a set of leadership virtues, focusing on human duties, not on human rights. The book demonstrates that only through philosophy it is possible to establish a genuine science of management, overcoming the pressures of functionalism, opportunism and pragmatism, inherent in the hyper-modern corporation shaped by high-tech and information advantages.
