

Forschendes Lehren im eigenen Fach

Scholarship of Teaching and Learning in Beispielen

Der Band stellt das Konzept des "Scholarship of Teaching and Learning" vor, das sich mit der Forschung über Lehre und Lernen in der eigenen Fachwissenschaft beschäftigt. Da es in Deutschland aktuell nur wenig Material zu diesem Thema gibt, werden hier alle Forschungen und Ergebnisse gebündelt, die in den letzten zehn Jahren in Deutschland publiziert wurden. Der Leser erhält Einblicke in die verschiedenen Disziplinen und Typen von "Scholarship of Teaching and Learning", die als Anregung und Muster für weitere Arbeiten in diesem Bereich dienen können.

The volume introduces the concept "Scholarship of Teaching and Learning", which deals with research into teaching and learning as an own discipline. As there is currently only very little material on this topic available in Germany, all research and findings published during the past ten years in Germany are bundled here. The reader gains insights into the various disciplines and types of "Scholarship of Teaching and Learning", which can serve as impulses and samples for further research in this area.

This publication presents the concept of "Scholarship of Teaching and Learning", which deals with the research relating to teaching and learning within one's own scientific discipline. As there are few materials relating to this topic available within Germany all researches and results that were published within the past ten years in Germany are pooled in this publication. The reader gains an insight into the various disciplines and types of "Scholarship of Teaching and Learning", which may act as a stimulus and pattern for further works within this area.
