## The Taiji Government and the Rise of the Warrior State

The Formation of the Qing Imperial Constitution

---

Read *The Taiji Government* and you will discover a bold and original revisionist interpretation of the formation of the Qing imperial constitution. Contrary to conventional wisdom, which portrays the Qing empire as a Chinese bureaucratic state that colonized Inner Asia, this book contends quite the reverse. It reveals the Qing as a Warrior State, a Manchu-Mongolian aristocratic union and a Buddhist caesaropapist monarchy. In painstaking detail, brushstroke by brushstroke, the author urges you to picture how the Mongolian aristocratic government, the Inner Asian military-oriented numerical divisional system, the technique of conquest rule, and the Mongolian doctrine of a universal Buddhist empire together created the last of the Inner Asian empires that conquered and ruled what is now China.
