## In Search of Universal Grammar

From Old Norse to Zoque

This volume in honor of Jan Terje Faarlund covers the areas in which he has contributed to linguistic theorizing, ranging from in-depth studies of Norwegian and Scandinavian grammar both synchronically and diachronically, to work on the Indian language Chiapas Zoque. The book is organized thematically with two chapters on each topic: The grammar of the Scandinavian languages (Tor A. Åfarli and Christer Platzack); language policies and sociolinguistics (Unn Røyneland and Peter Trudgill); French (Hans Petter Helland and Christine Meklenborg Salvesen); language change (Werner Abraham and Elly van Gelderen); lesser-studied languages (Alice Harris and Jerry Sadock); language acquisition (David Lightfoot and Marit Westergaard); and language evolution (Erika Hagelberg and Salikoko Mufwene). This book will be of interest to a wide range of readers, from students to scholars working on any of the areas covered.
