

Smart Technologies for Smart Nations

Perspectives from the Asia-Pacific Region

This book emphasizes the need for new directions and approaches for social and economic development in the emerging nations of the Asia-Pacific region through the use of Smart Technologies. It takes a holistic view of socio-economic and technical developments taking place through ASEAN and South Asia. Compared to practices in the 20th century, the use of Smart Technologies is likely to have a faster and greater impact on emerging nations (Smart Nations). Smart Technologies for Smart Nations: Perspectives from the Asia-Pacific Region is core reading for academics, professionals, and policymakers interested in technological developments in ASEAN and South Asia.
