HUMOR

International Journal of Humor Research

Objective HUMOR was established as an international interdisciplinary forum for the publication of high-quality research papers on humor as an important and universal human faculty. Humor research draws upon a wide range of academic disciplines including anthropology, biology, cultural studies, computer science, education, communication, film and media studies, gender studies, history, linguistics, literature, mathematics, health and medicine, philosophy, political science, psychology, and sociology. At the same time, humor research often sheds light on the basic concepts, ideas, and methods of many of these disciplines. Topics interdisciplinary humor research humor theory empirical studies in humor, laughter, comedy and related fields from around the world humor research methodologies and measurements of sense of humor scholarly debates on the social functions of humor Article formats Research articles, Short notes, Book reviews, Debates
