## Strategic/Medical Family Therapy

with Pamela Richey, MS

Strategic/Medical Family Therapy contains a full client demonstration of a family therapy session from a strategic/medical perspective. The DVD opens with an introduction to the approach and to the therapist, followed by a role play session, and finally, commentary from the therapist. The therapist discusses what issues were presented in the session and their conceptualization of the presenting problems. The DVD is a valuable resource for practicing clinicians and students in training.
